Coverage in Action

Property

Fire erupts in a storage room and investigation determines that the faulty wiring in a coffee maker was the cause. The total cost of the damages to the nonprofit's business personal property, relocation expenses, and business income loss was more than \$100,000. Fire is the leading cause of property losses and accounts for 73% of dollars paid.

Employee Dishonesty

A nonprofit's employee's criminal activity spans over multiple policy periods, resulting in the theft of \$648,000 after the employee had opened an unauthorized bank account in the nonprofit's name. The employee admits to inflating invoices and depositing the extra money into the account. After an investigation, the nonprofit receives the max under the its policy.

Inland Marine

A pipe breaks resulting in water damage to various items, including very expensive disc jockey equipment. Disc jockey equipment typically moves from one location to another unscheduled location during use. When the equipment is damaged at an unscheduled location, it's still covered.
