## What the Partnership Between MCC and NIA Means for MCC Members

**NIA is committed to helping keep MCC members protected and safe while providing a stable and reliable source of insurance coverage.**

Here are a few reasons why MCC chose to partner with NIA to help its members:

- **NIA knows nonprofits:** NIA is the nation's leading property and casualty (P&C) insurer exclusively serving the 501(c)(3) nonprofit sector.
- **History:** NIA has 30+ years of providing coverages for a wide variety of nonprofits that provide services and support for children, youth, and families.
- **501(c)(3)s like you:** All NIA insurers are 501(c)(3) nonprofits, offering specialized coverages to address the risks that MCC members face.
- **Fair pricing:** NIA offers fair and equitable pricing that helps MCC members budget for insurance year to year.
- **Three-year rate guarantee:** Available for all MCC members who have coverage with NIA.
- **Specialized, innovative coverages:** NIA understands the unique needs of 501(c)(3) nonprofits. For example, NIA pioneered Improper Sexual Conduct and Physical Abuse Liability as a standalone policy, separate from Commercial General Liability coverage, before any other carrier. NIA is also the only insurer currently offering a sublimited communicable disease buyback for additional premium if a nonprofit thinks there is exposure.
- **Free risk management consulting:** To help prevent disruptive claims, NIA offers free, unlimited risk management consulting to organizations that have coverage with NIA. Resources include information specifically designed for youth-serving organizations to help you better understand and address risks.

## A Responsible Insurer

## Claims Approach

MCC's partnership with NIA will also include meeting with NIA claims teams for larger members. No matter the size of your organization, NIA's claims approach is to always look for ways to cover claims within its policies, not for ways to decline them. If liability is clear when a claim is presented, NIA pays the claim promptly. If liability is uncertain, it is thoroughly investigated and the claim is resolved in a manner that is both conscientious and practical. NIA takes very seriously the trust placed in it by the nonprofits it protects.
