A M E S S A G E F R O M T H E P R E S I D E N T

1998 will go on record as a watershed year for NIAC. It was a year of subtle, but important changes...a year of taking stock in what we have accomplished and of planning for the future. It was also a year of strong growth and robust financial results.

At year-end, NIAC member-insureds numbered 1,787, an increase of 288 new members this year. Eighty-nine percent of our members renewed with NIAC. And, 44 percent of NIAC's members, a total of 783 nonprofits, have been NIAC members for five or more years. Net income of $1,400,078 is the strongest in our history. Gross written premium of $12,433,347 is an increase of 7.2 percent over 1997.

While these results are good, why a watershed year? It was about mid-year when we realized that the new-kid-on-the-block, upstart, underdog image just didn't fit NIAC anymore. We took a look around and realized that NIAC was becoming both large, and diverse enough to be a market leader in our particular niche, 501(c)(3) nonprofit organizations. In fact, NIAC now insures one out of every ten public charities in California which are required to report to the federal government. And, we are continuing to grow.

Most importantly, we have accumulated sufficient data about claims against nonprofit organizations to take the leadership in developing a policy to meet the special needs of nonprofits. In mid-1998, with the help and guidance of one of our reinsurers, Swiss Re America, we set out to do just that. What emerged is aptly called Nonprofits' OWN. This name signifies both that the policy was designed just for nonprofits, and also that it was designed by a company owned by nonprofits. The Nonprofits' OWN form replaces the claims-made coverages on both our sexual abuse and directors and officers coverage forms with a new "event trigger" form. No more worries about gaps in coverage from claims-made policies! And Nonprofits' OWN provides many automatic enhancements on both the general liability and auto liability policies. This new form offers the broadest, most innovative coverage available for nonprofits in California. Also, we recently reduced the minimum premium on our general liability policies from $1,000, to $700. We are offering these enhancements as ten-year anniversary gifts to both current and future members.

With all this change and growth, the question remains, "Are we providing the level of service that our members and their brokers deserve?" I recently received a wonderful note from a retiring insurance broker who speaks eloquently to this. In part, he said:

"...I consider NIAC the finest organization I have dealt with in forty + years in this business. Everyone is professional, knowledgeable and pleasant to deal with. You deliver what you promise..."

—Dick Flynn,
Faireo Insurance

Delivering on a promise is, after all, what insurance is all about. It is our continuing privilege to do that for the best customers in the world, nonprofit organizations.

In 1999 NIAC celebrates 10 years of serving California's nonprofit community. From the many favorable comments received from members, I must conclude that our policyholders share the pride that the Board of Directors takes in the company's accomplishments.

Marked by innovation from its very start, NIAC is respected for its dedication to covering the special risks of its members while conducting a financially sound insurance operation. NIAC was founded on the principle that the interests of its members come first, and we are pleased that the 1998 financial statements in this report show that the company can follow this precept without compromising its ability to protect the members.

Although 1998 marked my first year as Chairman, my perspective on NIAC extends over the seven years that I have served as a member of the Board of Directors. In those seven years, I have watched the company's annual premium more than triple.

As the company concentrated on expanding its services and resources, we at times have been confounded to find that NIAC was not as widely recognized as it deserved to be. In order to broaden its reach, the company has hired its first marketing director to coordinate and improve the many ways that NIAC makes itself known to the nonprofit and broker communities.

Claims handling also received more focus in 1998. As the scale of NIAC's operations grew, we believed that a shift from an outside claim administrator to an in-house unit staffed with NIAC employees would result in better and more efficient service. We made that change at mid-year and, while we have always received high marks for claims handling, recent surveys indicate that 95 percent or more of our members and brokers are satisfied (and often very satisfied) with NIAC's underwriting and claims operations.

We also have begun to assess the need and the feasibility of expanding NIAC's type of products and services to nonprofit organizations outside of California. This process is being underwritten by a substantial grant from the Packard Foundation and is being guided by a Task Force comprising members of NIAC's Board and management as well as outside experts. While it is too early to report results, I wish to assure our members and brokers that any expansion will be undertaken only after careful due diligence, and only if we are convinced that NIAC and its members will benefit.

It was a year of hard work, business basics and thoughtful planning. We hope you will notice the fruits of those labors in terms of better communication, more focused claims handling, superior member and broker services and expanded coverages in 1999 and beyond.

In closing, I would like to thank the members of the Board for their conscientious stewardship and congratulate the staff and management team for a year of excellent results.

NIAC’s Family Continues to Grow

Numbering nearly 1,800 organizations across the state, NIAC members are located in every major city and in virtually every county in California. NIAC now insures nearly one in ten of the 501(c)(3) nonchurch nonprofits in the state. Our membership spans as far north as Yreka, and south to San Ysidro. As expected, much of our membership is concentrated in the heavily populated urban areas of San Francisco, Los Angeles and San Diego. We also have strong representation in the Central Valley and members as far east as the shores of Lake Tahoe.

As illustrated by the pie chart below, 76 percent of NIAC members are located in coastal communities, while 24 percent of members are located in the less densely populated inland areas.

NIAC is not quite a household name, yet we continue to establish ourselves as an integral part of the nonprofit community. A substantial portion of NIAC’s growth can be attributed to referrals by our members to other nonprofits. These referrals, coupled with an active producer network of over 300 licensed insurance agents and brokers, are important components of NIAC’s continued growth.
The NIAC Story

At its most basic level, NIAC collects premiums and pays claims. But between the lines we do a lot more. NIAC was created as a response to a crisis. Insurers would not provide insurance to some nonprofits at any price. NIAC was founded on the principal that insurance companies should not determine which social services could be offered simply by controlling which nonprofits could obtain insurance. Those types of decisions should be in the hands of the nonprofit community. And, that is where they are with NIAC. With NIAC, nonprofits have gained control over their insurance source. They have assumed the responsibility and enjoy the freedom that comes with that choice.

NIAC's nine years of experience has demonstrated that nonprofit organizations have better than average claims experience. Nevertheless, we maintain strong financial backing to cover any contingencies.

Six foundations provided the original capital funding for NIAC. These foundations are:
- Ford Foundation
- David & Lucile Packard Foundation
- Wallace Alexander Gerbode Foundation
- San Francisco Foundation
- Marin Community Foundation
- Walter S. Johnson Foundation

Adding to NIAC's financial strength is the consistent backing by strong reinsurers who provide coverage for claims in excess of $150,000. The same three reinsurers, which are among the world's largest, have provided this coverage for NIAC for many years. They are:
- Munich-American Risk Partners (Best's rated A++)
- General Reinsurance (Best's rated A++)
- Swiss Re America (Best's rated A+)

Cov erages Available for Members
- General Liability
- Misc. Professional Liability
- Improper Sexual Conduct Liability
- Auto Liability
- Auto Physical Damage
- Non-owned/Hired Auto Liability
- Liquor Liability
- Employee Benefits Liability
- Directors and Officers Liability
- Umbrella Liability

Through companion programs, NIAC members may also purchase the following:
- Commercial Property
- Fidelity
- Workers' Compensation
- Student/Participant/Volunteer Accident
- Foster Parent Liability
Friendly, Efficient Service
NIAC continues to make service and efficiency a top priority. A recent survey revealed that 95 percent of our members and brokers are satisfied, (or very satisfied) with NIAC's underwriting and claims operations. At NIAC, we are committed to providing painless insurance transactions for members and brokers. Our members and brokers trust that our claims investigation process will be handled promptly, thoroughly and efficiently.

Special Services for Members
In keeping with NIAC's philosophy of proactive loss control, we continue to provide the following resources to our members, free of charge:

Publications
- Arrive Safe and Sound: Tips to Help with your Nonprofit's Vehicle Safety Program
- Sound Advice for Functions and Events: Tips to Help your Nonprofit Stage Safer Special Events
- Nonprofit Directors and Officers: Key Facts about Insurance and Legal Liability
- What Nonprofit Managers Need to Know About Lawsuits

Newsletters
Two newsletters were distributed to members in 1998. Topics included insuring volunteers, transportation issues and claims information.

Video Lending Library
NIAC's video lending library covers a wide range of topics, available free-of-charge to members for use in on-site training. Topics range from driver safety and employment practices to the prevention of sexual abuse. Our Education Coordinator is constantly reviewing the relevance of NIAC's video topics, and titles are added or eliminated as necessary.

Workshops
NIAC continues to sponsor statewide educational events, and to serve as a resource for insurance and risk management information for California's nonprofits. NIAC staff made numerous presentations at various locations around the state on topics including general insurance information, risk management, directors and officers insurance, and how to host safer special events.

Continued affiliations with various nonprofit support organizations have improved NIAC's ability to reach out to nonprofits in all corners of California. During 1998 NIAC cosponsored conferences with Nonprofit Risk Management Center, California Association of Nonprofits, Nonprofit Organizations Committee of the California State Bar, California Community Foundation, The San Diego Foundation, Community Foundation for Monterey County and Community Foundation of Santa Cruz County. Furthermore, NIAC staff provides training on behalf of the Support Center for Nonprofit Management.

On-site Visits
NIAC employees made nearly 250 visits to members and brokers in 1998. As we continue to grow, we strive to learn more about nonprofits to ensure a fair evaluation of their operations from an insurance perspective. We consider our member visits to be the most enjoyable aspect of working at NIAC.

Website
Visit NIAC's website at www.niac.org. Members can order publications and videos on-line, and much of the material may be downloaded. NIAC is committed to offering its web-capable members, the most user-friendly, informative website possible.

Members
During 1998, in addition to moving all management of claims to in-house staff, we also took a closer look at how we categorize claims. The statistics below show some changes from last year. These changes reflect the adjustments we made in the way we categorize claims, rather than any changes in the complexion, size, or type of claims we experienced during 1998.

**GENERAL LIABILITY**

Slip and fall accidents and incidents alleging negligent supervision still account for more than 40 percent of the number of claims on the general liability policy and nearly 55 percent of the cost of all claims. Slip and fall accidents, in particular, could be avoided by more attention to premises safety.

**AUTO LIABILITY**

Rear-end accidents, backing and hitting a fixed object remain the most common classifiable auto incidents. These three categories comprise a total of 37 percent of all auto claims and account for 41 percent of the dollars spent on auto claims.

To help our members avoid these accidents, NIAC substantially increased our free defensive driver training in 1998. During the year we trained 700 employee and volunteer drivers, up from 300 trained during 1997.

**DIRECTORS AND OFFICERS**

During 1998, NIAC members continued to receive far too many employment-related claims. The most common allegations were wrongful termination, discrimination and harassment. While few of these claims result in large settlements, nearly all are costly to defend.

Our experience demonstrates that the outcomes of these types of claims are strongly influenced by the manner in which the nonprofit organization handled the termination and/or the investigation of discrimination or harassment. Consequently, NIAC members who purchase Directors and Officers coverage from NIAC have access to free legal assistance prior to taking important employment actions of this nature.
NIAC's membership grew by seven percent in 1998, but the general composition of the members remained steady. A statistical depiction of the many services provided by our members is shown on the pie chart below.

To learn more about the diverse group of nonprofits who comprise NIAC, take a few moments to read the member profiles, enjoy the pictures, and scan the member list on the following pages.
**Center for the Partially Sighted**

_Santa Monica_

The vision rehabilitation programs of The Center for the Partially Sighted provide the tools and the training to help men, women and children with impaired sight function as independently as possible in the sighted world, even if they are legally blind.

An optometrist trained in low vision performs an extensive vision evaluation on each vision-impaired client. Based on each person's individual abilities, the Center develops a program using appropriate devices to maximize remaining sight and help with their visual goals. In addition, individual counseling or support groups help these individuals address any emotional issues that might accompany their vision loss.

Rehabilitation specialists train the person in everyday living skills, such as cooking, reading or moving safely about their home or neighborhood. Helping people use their remaining sight allows them to continue functioning—in the classroom, in their home and on the job.

Pictured above, a low-vision technician helps a man with impaired sight sign his name using a signature guide. The Center for the Partially Sighted has been a NIAC member since 1996.

---

**Easter Seals Tri-Counties California**

_Ventura_

Easter Seals of Ventura County was founded in 1946 with a mission of helping children and adults with disabilities live with equality, dignity and independence. The organization merged with Santa Barbara and San Luis Obispo counties, and reincorporated in 1989 as the Tri-Counties Easter Seal Society. They later changed their name to Easter Seals Tri-Counties California.

Pictured below, children from the Easter Seal's Preschool Program are learning about colors and how to change them. The year-round program is designed to serve children of all abilities, and offers support to those children who may have a diagnosis of autism, developmental delay, Down's Syndrome, cerebral palsy, fetal alcohol affect, as well as blind and/or hearing impaired children. The educational philosophy revolves around age appropriate activities such as water play, dramatic play, art and gross as well as fine motor activities.

Each child receives appropriate specialized services from trained therapists in the areas of motor skills, language skills, cognitive skills and socialization. These services are provided by Easter Seal's highly trained, professional staff of occupational and physical therapists, speech pathologists, marriage and family counselors and early childhood education specialists.

Easter Seals Tri-Counties California has been a NIAC member since 1992.
Guide Dogs of the Desert

Palm Springs

Guide Dogs of the Desert has been providing guide dogs and individual instruction to the blind for over 25 years. The agency charges no fees for services provided to its students, existing solely through private donations.

Training begins with the puppy-raising program. At six to eight weeks old, the puppies are placed in volunteer foster homes to be loved and socialized until they are fifteen to eighteen months old. They are exposed to all types of people and surroundings, which is the foundation of the training. Next, Guide Dogs of the Desert professional trainers take over, and work with the dogs until they are fully trained. Blind students receive 28 days of in-residence training in a homelike setting at the agency's facility. Post graduate assistance is available for the working life of the team.

The agency trains Labrador Retrievers, Golden Retrievers and German Shepherds. These breeds are intelligent, gentle natured, eager to please and enjoy working. Their size and coat allow them to adapt to any environment, and the general public readily recognizes them as guides.

Pictured at left, two of Guide Dogs of the Desert trainers with a batch of Yellow Lab puppies ready for foster homes.

Big Brothers Big Sisters of the Greater Sacramento Area

Sacramento

Big Brothers Big Sisters of the Greater Sacramento Area has been matching children with adult mentors since 1962. The children range in age from 7 to 16, and are often from single-parent families. The volunteers are carefully screened and trained adults who provide friendship, guidance, and role-modeling to the children. All volunteers are over the age of 18, and must be responsible and dependable.

This Sacramento agency is currently providing 180 Big Brothers and Big Sisters to local children, many of which are growing up without the support of a two-parent family. Big Brothers Big Sisters volunteers provide individual interest and companionship for these children during their formative years.

Pictured above, Felicia and Shyra have been matched as Big Sister and Little Sister for one year. They enjoy going to the theatre, making pottery and just hanging out together. After every outing, they each take a little time to write about what they did or anything they have on their mind in their journals.

Big Brothers Big Sisters of the Greater Sacramento Area has been a NIAC member since 1994.
Stiles Hall

Berkeley

Founded in 1884, Stiles Hall runs mentoring programs pairing UC Berkeley students with local elementary and high school students, as well as elderly and mental health patients. The 320 student volunteers represent a diverse mix of cultures, including Caucasians, Latinos, African Americans and Asian Americans. The agency strives to create an environment to promote lasting interracial understanding where students can learn and grow through meaningful community service.

In Stiles Hall's Elderly Companionship program, students form friendships with senior citizens. They explore shared interests while learning and growing together. Through the Mental Health Internship program, students have an opportunity to serve as friends and conversationalists with mentally ill patients at Napa State Hospital. Student volunteers also learn to coach local youth in school-based sports programs.

Pictured above, a ten-year old Oakland elementary school student meets his new mentor. Stiles Hall provides 275 Berkeley and Oakland youth with carefully screened, highly supervised UC volunteer mentors. The youth receive 150 hours of mentoring, tutoring, and role-modeling to broaden their cultural and academic horizons.

Stiles Hall has been a NIAC member since 1990.

Coastwalk of Sonoma County

Sebastopol

Coastwalk introduces people to the wonders of the California coastline through guided trips to various scenic coastal locations throughout California. Their staff consists entirely of volunteers, from walk leaders to cooks. Coastwalk offers summer, week-long coastal walks and year-round day hikes. Their educational and service activities help build public awareness of coastal preservation, striving for a continuous, border to border California Coastal Trail. Coastwalk chapters exist in each of California's 15 coastal counties.

Coastwalk of Sonoma County originated in early 1983 when Bill Kortum, a former Sonoma County supervisor and long time coastal activist, approached a small group of local environmentalists. His concept was to draw attention to coastal access needs by taking a small group of people down the coastline. On that first walk, in the summer of 1983, 70 people went for an eight day trek on the 55 mile Sonoma County coastline. Over time, the combined efforts of these volunteers has greatly increased public awareness toward coastal access issues.

Coastwalk continues to explore and promote the opening of remote and previously inaccessible sections of the California coastline, and provides a voice for local coastal advocates.

Coastwalk has been a NIAC member since 1993.
Poverello House began in 1973 when its founder, Mike McGarvin saw a need and addressed it simply: he began handing out sandwiches on the streets to the hungry and homeless. Others came to lend a hand, and the outreach grew with the help of local churches, businesses, and volunteers.

In 1981, through the generous contribution of a supporter, Poverello House was established in its current location on "F" Street in Fresno. "Poverello" is an Italian word meaning "Little Poor Man," a name given to Saint Francis of Assisi, who renounced all of his wealth and ministered to the poor.

A major expansion and renovation was completed in 1992, adding a family dining room, a shower and laundry facility, offices and a modern kitchen. Today, Poverello House operates a six-month program for homeless men with alcohol or drug problems. The residents help with food preparation, driving, and building maintenance. Poverello also serves meals daily to the homeless who come in from the streets, offers medical and dental services and provides showers and a “dayroom” where they can rest. Additionally, a food distribution program provides emergency groceries to people who have homes in which to cook.

Pictured at left, Mike McGarvin and student intern, Vang Yang, distribute donated food for the holidays.

Poverello House became a NIAC member in 1998.

Alzheimer's Association of Orange County

The Alzheimer’s Association of Orange County was founded by Joan Dashiell, a wife and mother of two teenagers who suddenly found herself caring for a parent stricken with this debilitating disease. Joan gathered some experts together, and one winter evening in 1982, more than 60 people stood in line in the rain to attend the first educational meeting of what would become the Orange County Chapter of the Alzheimer’s Association.

The mission that the founding board established is still valid today: The agency is "...dedicated to increasing public awareness, providing support and assistance for patients and families of Alzheimer’s disease and related disorders, and to supporting research for the cause and cure of Alzheimer’s disease."

The Alzheimer’s Association offers a variety of services to the community, including a bilingual helpline, support groups, a lending library, “Safe Return” I.D. bracelet program and visiting volunteers. A wide variety of seminars and conferences are provided for the community annually. Additionally, the program currently supports 450 volunteers who donate time and expertise for patient and family services, public policy, educational activities and fundraising events.

Pictured above, an Alzheimer’s patient meets with a caregiver for an afternoon outing in the park. Respite services give families an opportunity to rest and take care of personal business while providing the patient with stimulating activity.

The Alzheimer’s Association of Orange County has been a NIAC member since 1992.
Work Training Center for the Handicapped, Butte County—a NIA member since 1994. WTC operates several programs which empower people with disabilities to achieve increased independence and enhance the quality of their lives. Pictured above, WTC co-workers take pride in their contribution.

Hairly Ashbury Food Program, San Francisco County — a NIAC member since 1991. This program provides job training in food service skills to homeless and long-term unemployed individuals, while also providing hot meals for the homeless of San Francisco. Pictured above, two students serve up a gourmet meal at the group’s graduation dinner.

INDEPENDENT AUDITORS’ REPORT

We have audited the accompanying consolidated balance sheets of Nonprofits’ Insurance Alliance of California (the Company) as of December 31, 1998 and 1997 and the related consolidated statements of income, members’ equity and cash flows for the years then ended. These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 1998 and 1997 and the results of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles.

Deloitte & Touche, LLP

1. ORGANIZATION
Nonprofits' Insurance Alliance of California (the Company) was incorporated on September 15, 1988 as a nonassessable nonprofit mutual benefit corporation. In July 1991, the status of the Company was changed by a vote of the members to a public benefit corporation. The Company operates in California as a risk pool pursuant to authorization under Section 5005.1 of the California Corporations Code. The Company is not subject to the rules, regulation and supervision of the California Department of Insurance (DOI).

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, SCC Reinsurance Limited (SCC Re), which was incorporated in December 1996 (see Note 2). All intercompany balances and transactions have been eliminated.

Organizations which meet the following requirements may become members of the Company: (1) nonprofit organizations which are incorporated in California or qualified to do business in California; (2) which have received and maintain current and unrevoked determination of tax exempt status under Section 501(c)(3) of the Internal Revenue Code; (3) which are offered general liability coverages and agree to purchase such coverages; and (4) which pay the premium for such coverages and the required membership contribution. Because the Company is nonassessable, the members of the Company, which are both its owners and insureds, are not liable for the Company's liabilities should they exceed the Company's assets.

The Company provides commercial general liability, miscellaneous professional liability, automobile liability, auto physical damage, and employer's non-owned and hired automobile liability coverage to its members. Coverage is provided on an occurrence basis. Typical limits are an annual aggregate of $1,000,000 and $1,000,000 per occurrence. An annual aggregate of $3,000,000 is available. A special claims-made coverage with limits available up to a $1,000,000 aggregate including defense and indemnity is available for improper sexual conduct claims. Directors' and officers' liability is available to members on a claims-made basis. The typical limit of coverage is $1,000,000. The Company also offers umbrella coverage for general liability policies up to $10 million in excess of $1 million, directors and officers policies up to $5 million in excess of $1 million, and improper sexual conduct policies up to $1 million in excess of $1 million.

The Company receives one-time contributions from each new member in the form of a non-refundable membership contribution, which are recorded as an addition to members' equity. Effective July 1, 1997, the contribution amount decreased to 5% of the commercial general liability premium from the prior rate of 10%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Statement Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition - Premiums are recognized as earned on a pro rata basis over the terms of the policies, usually twelve months. Unearned premiums represent the difference between premiums written and premiums earned.

Deferred Acquisition Costs - Policy acquisition costs incurred are deferred and amortized over the period of premium recognition. These costs generally include commissions, underwriting, policy issuance and marketing costs. Amortization of acquisition costs was $2,140,550 for 1998 and $1,713,089 for 1997. Anticipated investment income is not considered in determining if a premium deficiency exists.

Property and Equipment - Data processing equipment, purchased software and office furniture and equipment are stated at cost, net of accumulated depreciation, and depreciated over five years using the straight-line method. Upon retirement or disposition of property and equipment, any gain or loss is included in income.

Investments - The Company has classified all of its investment portfolio as "available-for-sale securities." Investments that are classified as "available-for-sale securities" are reported at market value, with unrealized gains and losses excluded from earnings and reported as a separate component of members' equity. Net realized investment gains or losses are recognized based upon the specific identification of investments sold. Gross realized gains and gross realized losses on those sales were $101,151 and $(40,069), respectively, in 1998 and $51,699 and $(14,912), respectively, in 1997. The Company has investments in commercial paper. Although such investments meet the criteria for cash equivalents, the Company has elected to include commercial paper in investments.

Liability for Losses and Loss Adjustment Expense ("LAE") - The liability for losses and LAE consists of estimated costs of each unpaid claim reported prior to the close of the accounting period, as well as those incurred but not yet reported. Management and the Company's consulting actuary believe that the reserve for losses and LAE at December 31, 1998 is appropriately established in the aggregate and adequate to cover the ultimate net cost of reported and unreported claims arising from losses which had occurred by that date. The establishment of appropriate reserves is an inherently uncertain process. Such reserves are necessarily based on estimates and the ultimate net cost may vary from such estimates. These estimates are regularly reviewed and updated using the most current information available. Any resulting adjustments, which may be material, are reflected in current operations.

Reinsurance - Reinsurance recoverables (including amounts related to claims incurred but not reported) and prepaid reinsurance premiums are reported as assets. Estimated reinsurance recoverables are recognized in a manner consistent with the liabilities relating to the underlying insured contracts.

Income Taxes - The Company was previously granted tax-exempt status by the state of California. Effective January 1, 1997, the Company became tax exempt for federal tax purposes under section 501(c)(3) of the Internal Revenue Code.

In anticipation of becoming a tax-exempt entity, the Company incorporated SCC Re in December 1996. SCC Re is a taxable entity incorporated under the laws of the Island of Nevis, an independent federation in the West Indies.
The Company accounts for income taxes under the asset and liability method of accounting for income taxes. Deferred tax assets and liabilities are recognized for differences between financial statement carrying amounts of assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards.

Recent Accounting Pronouncements - As of January 1, 1998, the Company adopted SFAS No. 130, "Reporting Comprehensive Income," which requires that an enterprise report, by major components and as a single total, the change in its net assets during the period from nonowner sources. Unrealized gains and losses on investments are the only other comprehensive income component for the Company. For the years ended December 31, 1998 and 1997, comprehensive income was $1,412,333 and $994,568, respectively.

In June 1998, the FASB issued SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities." SFAS No. 133 requires that all derivative instruments be recorded on the balance sheet at their fair value. Changes in the fair value of derivatives are recorded each period in current earnings or other comprehensive income, depending on whether a derivative is designated as part of a hedge transaction and, if it is, the type of hedge transaction. The Company is required to adopt SFAS No. 133 for its fiscal year ending December 31, 1999. The Company has not yet determined the impact, if any, that adoption of SFAS No. 133 will have on its earnings or statement of financial position.

Reclassifications - Certain prior year amounts have been reclassified to conform with the current year presentation.

3. RESTRICTED INVESTMENTS

The proceeds from the issuance of subordinated debt (see Note 8) and related earned interest are held as restricted investments and may not be commingled with any other funds.

Funds in these restricted accounts may be withdrawn only to fund obligations of the Company to its policyholders and claimants related to all loss and loss adjustment expenses and to make payments for principal and/or interest related to the subordinated debt. Funds in the restricted accounts may not be used for operating expenses of the Company. To date, funds have been used only for interest payments on the subordinated debt. Such interest expense was $26,000, both in 1998 and 1997.

Restricted investments, carried in the accompanying balance sheets at estimated market value, consist of the following as of December 31, 1998 and 1997:

</tbody>
</table>

The amortized cost and estimated market value of unrestricted investments at December 31, 1998, by contractual maturity, are shown below. Actual maturities may differ from contractual maturities because borrowers may have the right to call or prepay obligations with or without call or repayment penalties.

<table>
<thead>
<tr>
<th>Amortized Cost</th>
<th>Estimated Market Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Due in 1 year or less</td>
<td>$2,806,010</td>
</tr>
<tr>
<td>Due after 1 year through 5 years</td>
<td>6,293,593</td>
</tr>
<tr>
<td>Due after 5 years</td>
<td>6,636,152</td>
</tr>
<tr>
<td>Mortgage-backed securities</td>
<td>4,084,982</td>
</tr>
<tr>
<td>Asset-backed securities</td>
<td>1,099,899</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>$20,920,636</strong></td>
</tr>
</tbody>
</table>

Pretax gross realized gains (losses) on sales of fixed maturity securities in 1998 and 1997 were $76,863 and $(7,838) and $50,965 and $(14,689), respectively. Pretax gross realized gains (losses) on sales of equity securities in 1998 were $10,230 and $(31,163), respectively. There were no equity securities in 1997.

5. FAIR VALUE OF FINANCIAL INSTRUMENTS

The table below reflects a summary of fair value disclosures of financial instruments:

<table>
<thead>
<tr>
<th>1998</th>
<th>1997</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Carrying Amount</strong></td>
<td><strong>Fair Value</strong></td>
</tr>
<tr>
<td>Restricted investments</td>
<td>$2,142,281</td>
</tr>
<tr>
<td>Investments</td>
<td>21,438,846</td>
</tr>
</tbody>
</table>

Estimated market values of debt securities, are based on average bid prices, or for newly issued securities, the average bid prices of similar issues with the same life and expected yields. Values of equity securities are based on quoted market prices at the balance sheet date. The carrying amounts of receivables and payables approximate fair value due to the short term maturities of these instruments.

It is not practicable to estimate the fair value of the subordinated debt due to the unique repayment features of this debt.

6. INCOME TAXES

The components of income tax expense are as follows:

<table>
<thead>
<tr>
<th>1998</th>
<th>1997</th>
</tr>
</thead>
<tbody>
<tr>
<td>Current</td>
<td>$(607,471)</td>
</tr>
<tr>
<td>Deferred</td>
<td>646,307</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>$38,836</strong></td>
</tr>
</tbody>
</table>

Total income tax expense differed from the amounts computed by applying the U.S. federal income tax rate of 35% to income before taxes as follows:

<table>
<thead>
<tr>
<th>1998</th>
<th>1997</th>
</tr>
</thead>
<tbody>
<tr>
<td>Computed tax expense at federal statutory rate</td>
<td>$503,620</td>
</tr>
<tr>
<td>Earnings of tax-exempt entity</td>
<td>$(576,195)</td>
</tr>
<tr>
<td>State tax settlement, net of federal benefit</td>
<td>—</td>
</tr>
<tr>
<td>Valuation Allowance</td>
<td>111,411</td>
</tr>
<tr>
<td>Other, net</td>
<td>—</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>$38,836</strong></td>
</tr>
</tbody>
</table>

In 1997, the Company paid $190,401 to settle a state tax dispute related to prior years. Net of the related federal tax benefit, this resulted in a prior-year charge of $125,665.

The following is a summary of the changes in the deferred tax asset:

<table>
<thead>
<tr>
<th>1998</th>
<th>1997</th>
</tr>
</thead>
<tbody>
<tr>
<td>Gross Deferred Tax Asset</td>
<td>$960,733</td>
</tr>
<tr>

<td>$(313,244)</td>
</tr>
<tr>
<td><strong>Net Deferred Tax Asset</strong></td>
<td><strong>$111,411</strong></td>
</tr>
</tbody>
</table>

Balances at January 1, 1997  

<table>
<thead>
<tr>
<th>Gross Deferred Tax Asset</th>
<th>Valuation Allowance</th>
<th>Gross Deferred Tax Liability</th>
<th>Net Deferred Tax Asset</th>
</tr>
</thead>
<tbody>
<tr>
<td>$960,733</td>
<td>—</td>
<td>$(354,978)</td>
<td>$605,755</td>
</tr>
<tr>
<td>(313,244)</td>
<td>—</td>
<td>83,107</td>
<td>$(230,837)</td>
</tr>
<tr>
<td>$646,789</td>
<td>—</td>
<td>$(271,871)</td>
<td>$374,918</td>
</tr>
<tr>
<td>(335,328)</td>
<td>(111,411)</td>
<td>271,871</td>
<td>(374,918)</td>
</tr>
</tbody>
</table>

Balances at December 31, 1998
The types of temporary differences that primarily comprise the net deferred tax asset at December 31, 1998 and 1997 include loss and loss adjustment expenses, unrealized gains on debt securities available for sale, state income taxes and deferred acquisition costs, net operating loss carryforwards and alternative minimum tax carryforwards.

At December 31, 1998, deferred tax assets have been fully offset with a valuation allowance as it is more likely than not that the related tax benefit will not be realized by the Company.

7. LOSS AND LOSS ADJUSTMENT EXPENSE RESERVES

Activity in the loss and loss adjustment expense reserves is summarized as follows:

<table>
<thead>
<tr>
<th></th>
<th>1998</th>
<th>1997</th>
</tr>
</thead>
<tbody>
<tr>

</tbody>
</table>

As a result of changes in estimates of insured events in prior years, the loss and loss adjustment expense reserves increased by $106,965 and $11,832 in 1998 and 1997, respectively, due to recurring and normal adjustments in anticipated losses and loss related expenses.

8. SUBORDINATED DEBT

In 1989, a total of $1,300,000 was provided by foundations in the form of restricted assets (see Note 3) in the amounts listed below:

<p>| | |</p>
<table>
<thead>
<tr>

<td>$ 1,300,000</td>
</tr>
</tbody>
</table>

The Company pays 2% simple interest per year on these funds. Payment of interest is made in quarterly installments and amounted to $26,000 in 1998 and 1997.

Repayment of the principal was scheduled to begin September 1993; however, several provisions govern the repayment process. Principal amounts are considered to be due and payable only when an independent actuary certifies that to make such repayment would in no way jeopardize the financial stability of the Company. Interest payments may be postponed at any time if Company management determines that paying interest would jeopardize the financial stability of the Company.

In 1998, an independent actuary performed its annual actuarial analysis of the Company's ability to repay the principal. The independent actuary concluded that the Company could repay a portion of the subordinated loans without jeopardizing the ability to meet current liabilities. However, any reduction in earned surplus, defined as the amount by which the Company's assets exceed the sum of all liabilities (excluding principal and interest obligations related to the subordinated debt), would affect the Company's ability to continue to grow and write new business. Therefore, since the Company is planning to increase its writings, the independent actuary recommended the principal repayments not be made in 1998. Actuarial analyses will continue to be performed annually (See note 12).

The Company and the foundation leaders developed a revised repayment schedule in 1995 as follows:

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>December 31, 1999</td>
<td>$ 240,000</td>
</tr>
<tr>
<td>December 31, 2000</td>
<td>848,000</td>
</tr>
<tr>
<td>December 31, 2001</td>
<td>212,000</td>
</tr>
<tr>
<td>Total</td>
<td>$ 1,300,000</td>
</tr>
</tbody>
</table>

As a result of material misrepresentation or fraud by the Company or its employees, use of the funds for other than their stated purpose or to influence political activities, demand may be made by the foundations for repayment of the subordinated debt out of the assets of the Company other than earned surplus. If it is determined that the Company is intentionally charging inadequate premiums to materially adversely affect the Company's ability to make timely payments of principal and/or interest, the foundations may request appropriate increases in premiums. If the Company and the foundations are unable to agree on appropriate future adjustments to premiums, at their option, the foundations may request repayment of the outstanding principal balance.
9. REINSURANCE
In its normal course of business, the Company reinsures with other companies through contractual agreements. Such agreements serve to limit the Company's loss on large claims. Risks reinsured would become an expense of the Company in the event the reinsurer is unable to or will not fulfill the obligations assumed under the agreements.

During 1998 and 1997, the Company's reinsurance was in three layers as follows:

<table>
<thead>
<tr>
<th>Layer</th>
<th>Contract Year</th>
<th>Company Retention</th>
<th>Reinsurance Limits</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Excess</td>
<td>1997-1998</td>
<td>$100,000</td>
<td>$900,000</td>
</tr>
<tr>
<td>First Excess</td>
<td>1996</td>
<td>$100,000</td>
<td>$150,000</td>
</tr>
<tr>
<td>Second Excess</td>
<td>1997-1998</td>
<td>$1,000,000</td>
<td>$1,000,000</td>
</tr>
<tr>
<td>Second Excess</td>
<td>1996</td>
<td>$250,000</td>
<td>$750,000</td>
</tr>
<tr>
<td>Third Excess</td>
<td>1996</td>
<td>$1,000,000</td>
<td>$1,000,000</td>
</tr>
<tr>
<td>Umbrella</td>
<td>1996-1998</td>
<td>$1,000,000</td>
<td>$10,000,000</td>
</tr>
</tbody>
</table>

These limits are on a "per occurrence" basis and "losses" for the purposes of these agreements include indemnity and allocated loss adjustment expenses.

In addition, beginning in 1992, the Company began offering umbrella coverage for general liability. These policies are 100% ceded on a treaty basis. The Company received ceding commission based on gross premiums written, subject to a profit-sharing arrangement which could result in a refund of reinsurance premium as a result of favorable loss experience. As a result of experience to date, no provision has been made for potential profit sharing under this agreement. For the second layer, the Company pays a fixed reinsurance premium based on gross premiums written.

During 1993, the Company received a $394,791 refund of reinsurance premiums due to favorable loss experience in prior years and has subsequently received an additional refund of $17,722 and $38,123 in 1998 and 1997, respectively, and repaid to the reinsurer $172,785 and $74,324 in 1996 and 1995, respectively, due to subsequent development. As future development of this loss experience may require additional repayment, the remaining portion of the refund is included as a liability in reinsurance payable.

Reinsurance recoverable includes $3,128,528 (40% of total reinsurance recoverable) and $3,128,528 (40%) at December 31, 1998 and $3,125,948 (41.2% of total reinsurance recoverable) and $3,081,948 (40.4%) at December 31, 1997, respectively, due to two reinsurance companies, both of which are rated A or better by A.M. Best.

10. COMMITMENTS
The Company had entered into a noncancelable operating lease for office space through March 1999. The lease has an option to renew for a period of up to five years. The Company has elected to renew the lease for a period of three years, through March 2001.

Minimum payments due under this commitment (net of sublease rents) are as follows:

<table>
<thead>
<tr>
<th>Year Ending December 31:</th>
<th>1999</th>
<th>2000</th>
<th>2001</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>$150,710</td>
<td>155,231</td>
<td>33,310</td>
</tr>
</tbody>
</table>

Total minimum lease payments $332,251.

Total rent expense for 1998 and 1997 was $146,320 and $81,753, respectively.

11. 401(k) PROFIT SHARING PLAN
The Company sponsors an employee 401(k) Profit Sharing Plan (the Plan). Employer non-matching contributions were $1,000 per employee for 1998 and 1997. The employer matching contributions were limited to $1,000 per employee during 1998 and 1997. The amounts contributed to the Plan were $38,528 and $38,123 in 1998 and 1997, respectively. Employees qualify for the employer portion of the contribution after one year of service with the Company.

12. SUBSEQUENT EVENTS
In February 1999, the Company created a subsidiary organization named NIAC Member Insurance Services. This subsidiary will assume control of several underwriting management services currently provided by NIAC including underwriting services related to workers' compensation, property and student/volunteer accident insurance.

In March 1999, the Company's independent actuary concluded that the Company could repay a portion of the subordinated loans without jeopardizing the ability to meet current obligations or affecting the Company's ability to continue to grow.
Nonprofits’ Insurance Alliance of California (NIAC)

Official Name
Nonprofits’ Insurance Alliance of California (NIAC)
725 Front Street, Suite 400
Santa Cruz, CA 95060
(831) 459-0980
or (800) 359-6422
Fax (831) 459-0853
www.niac.org

Statement of Purpose
To serve 501(c)(3) tax-exempt nonprofit organizations in California by providing a stable source of reasonably priced liability insurance coverages tailored to the specialized needs of the nonprofit sector, and to assist these organizations to develop and implement successful loss control and risk management programs.

Organized
Under Section 5005.1 of the California Corporations Code, we are a member-owned nonprofit public benefit corporation with a board of directors elected by our member nonprofit organizations. NIAC is a 501(c)3 tax-exempt organization.

Major Coverages
Comprehensive general liability, miscellaneous professional liability, business auto liability, business auto physical damage, non-owned and hired auto liability, improper sexual conduct liability, directors and officers liability and umbrella liability. Other coverages available through companion programs.

Reinsurers
General Reinsurance (Best’s A++)
Munich-American Risk Partners (Best’s A++)
Swiss Re America (Best’s A++)
