Locate the black menu heading bar and click on Working With Us. In the green section, click on Submitting a Complete Application.
New Business Applications

The first page will give you a summary of what is required in addition to the application(s).

Working with Us

Submitting a Complete Application

1. We ask for the prior three years or dollar indicating no known or reported incidents.

2. We do accept other carrier supplementals if they are new business apps (and not renewal apps).

3. We ask for the Federal Employer Identification Number (FEIN), which we need in order to enter your submission into our system. We also ask that you submit one of the following:
   - A 501(c)(3) Tax Exemption Determination letter from the IRS
   - A 501(c)(3) Acknowledgment letter from the IRS
   - A filed copy of application to the IRS including proof of payment (copy of check or money order)

Only have the FEIN? No problem. With the FEIN, we can check the 501(c)(3) status for you.

On the reverse side of this page is a chart to guide you through what a complete submission to us looks like, based on the line of business you are writing.
