Whether you've had little experience with nonprofits or have worked with the 501(c)(3) sector for years, we're here to simplify the process.

Streamlining Your Business

Electronic Data Interchange (EDI) streamlines new and renewal submissions between your business and ours, making interactions time-efficient and easy. We'll set you up and provide tech support.

Your Liaison with Underwriting

NIA formed at a time of crisis when commercial insurers routinely denied coverage to nonprofits, and we continue to cover 501(c)(3) organizations commercial insurers are inclined to deny. For those organizations and for all of our members, Broker Services ensures that your experience with the underwriting team meets and exceeds your expectations.

What You've Told Us

NIA is the first and only 501(c)(3) organization to provide property and liability insurance exclusively to 501(c)(3) nonprofits. Our renewal rate in 2021 was 95%. But that's not our only tribute. Since the day we were founded, NIA has been known among insurance agencies to provide outstanding service to all brokers with whom we've had the privilege of conducting business. We know firsthand that serving the nonprofit sector is an invaluable experience, and we're happy to assist our partners to find policies that help their nonprofit clients continue their essential work and renew again, year after year.
